

Girl Scouts of the Missouri Heartland, Inc.

## Success Story Form

*Success stories are testimonials of how an organization is fulfilling its promise. The promise of Girl Scouting is to provide activities designed to help girls build courage, confidence and character, to make the world a better place. That is our mission.*

*Below are a few questions to ask yourself as you prepare success stories for submission. Not all may apply to every event.*

In what activity/experience did the girl/troop participate?

What leadership skills did the girl/troop exhibit?

What did the girls learn/discover about themselves?

How did you see the girls learn/grow through this experience?

How did they collaborate/connect with new people?

How did the community benefit?

What did the girl/troop gain from the experience?

Did a girl say something in reference to her experience that could be utilized in a quote?

Was there a fear that the girl/troop overcame?

### **Instructions for Submission**

*Please submit at least 1 success story each month to your community development/membership specialist by email, fax or mail. If sending by email, just be sure to include any pertinent information asked for above in the body of the email. This information may be utilized in press releases and publications such as newsletters and magazines, marketing materials, as well as funder/donor reports. GSMH reserves the right to edit information for content, length and grammar.*

*Available for download from the GSMH website.*
